

REALTY PARTNERSHIPS

ABOUT OPEN TABLE NASHVILLE

Open Table Nashville is a non-profit, interfaith community that disrupts cycles of poverty, journeys with the marginalized and provides education about issues of homelessness. Last year alone we were able to provide over 1,920 beds through shelters, log over 8,230 volunteer hours, and help our friends living on the streets set up over 4,230 housing-related appointments. To top that off, we moved 112 individuals into permanent housing!

OUR GOAL

We still have a long way to go in eradicating chronic homelessness by 2018 through the How's Nashville campaign. We know it's ambitious, but with your help, we believe it can be done!

WHY THE FOCUS ON PERMANENT HOUSING?

The typical public cost for residents in supportive housing is \$605/month, compared with the typical public cost of \$2,897/month to house similar persons experiencing homelessness. That's FIVE times greater. This remarkable finding shows that practical, tangible public benefits result from providing supportive housing for vulnerable homeless individuals. The stabilizing effect of housing coupled with supportive care is demonstrated by a 79% reduction in costs for these residents. To read more supportive documents on this research, visit our website.

HOW TO PARTNER WITH US

Join our realty colleagues in this work. The levels below are examples of ways your realty can financially partner with us at each closing, or on a monthly basis:

- \$1,000: Average Move-In Expenses
- \$500: Transition and Retention Staff
- \$250: Deposit with Nashville Electric Service
- \$200: Furniture for New Residents
- \$300: Welcome Home Kit
- \$100: Apartment Deposit
